## 1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education,
- benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school will work with TPAT to develop any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

## 2. Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association. As part of Truro and Penwith Academy Trust

### **3. Monitoring arrangements**

Last reviewed November 2025

Next review November 2028

This document will be reviewed every 3 years, but may be reviewed and updated more frequently if necessary.

It will be approved by the Local Monitoring Committee (LCM)

#### 4. Action plan

| Aim  | Current good practice  | Objectives   | Actions to be taken  | Person responsible | Date to complete action plan | Success Criteria  |
|--|--|--|--|--------------------|------------------------------|---|
| Increase access to the curriculum for pupils with a disability | <ul style="list-style-type: none"> <li>Chacewater School offers a adapted curriculum for all pupils</li> <li>We use resources and strategies tailored to the needs of pupils who require support to access the curriculum. These follow a graduated response for each pupil specifically written for them which may include physical resources or other strategies to ensure the curriculum is accessible to them.</li> <li>Use of ICT in school is evidenced as improving access, in particular in upper KS2. For example, colored overlays on screens, ability for pupils to check back when they need on teaching materials, recorded verbal feedback, adapted texts delivered discreetly, voice recording, spoken text facility etc.</li> <li>Curriculum resources include examples of people with disabilities</li> </ul> | <p>Accessibility to be reviewed regularly by teachers.</p> <p>Good practice in ICT to be extended throughout the school.</p> <p>Review and development of practice is pro-active not reactive, as far as possible.</p> | <p>Review of accessibility to become part of termly review of classroom practice.</p> <p>The voice of disabled children is sought in all reviews and evaluations</p> <p>Sharing of good practice in ICT to increase accessibility.</p> <p>Investment in Computing hardware is continued to increase and maintain access.</p> | Mr. David Hick     | November 2029                | <p>Termly monitoring throughout the year includes discussion about curriculum accessibility between the head teacher and teachers. This results in provision being adapted, where required, in a timely fashion, anticipating pupil need.</p> <p>All pupils have access to ICT hardware and adaptations that increase access as required.</p> <p>Children with disabilities feel that they are fully included in the curriculum</p> <p>Children with disabilities make progress</p> |
