

Religious Education at Chacewater School

Intent

At Chacewater School it is our principal aim of religious education to explore what people believe and what difference this makes to how they live, so that our pupils gain the knowledge, understanding and skills needed to handle questions raised by religion and belief, reflecting on their own ideas and ways of living. Our principle aim is developed through the following points:

- 1. Make sense of a range of religious and non-religious beliefs, so that they can:
 - identify, describe, explain and analyse beliefs and concepts in the context of living religions, using appropriate vocabulary
 - explain how and why these beliefs are understood in different ways, by individuals and within communities
 - recognise how and why sources of authority (e.g. texts, teachings, traditions, leaders) are used, expressed and interpreted in different ways, developing skills of interpretation
- 2. Understand the impact and significance of religious and non-religious beliefs, so that they can:
 - examine and explain how and why people express their beliefs in diverse ways
 - recognise and account for ways in which people put their beliefs into action in diverse ways, in their everyday lives, within their communities and in the wider world
 - appreciate and appraise the significance of different ways of life and ways of expressing meaning
- 3. Make connections between religious and non-religious beliefs, concepts, practices and ideas studied, so that they can:
 - evaluate, reflect on and enquire into key concepts and questions studied, responding thoughtfully and creatively, giving good reasons for their responses
 - challenge the ideas studied, and allow the ideas studied to challenge their own thinking, articulating beliefs, values and commitments clearly in response
 - discern possible connections between the ideas studied and their own ways of understanding the world, expressing their critical responses and personal reflections with increasing clarity and understanding in line with our whole school Curriculum intent of locality links are made to faith in Cornwall.

Implementation

At Chacewater School, we follow the Cornwall Agreed Syllabus (Kernewek) for RE 2020-2025. Children in EYFS are taught key learning objectives from units taken from the Cornwall Agreed Syllabus which is incorporated in the Early Years curriculum. This ensures that children are starting to draw on some similarities and differences between different religious and cultural communities in this country, drawing on their experiences and what has been read in class. KS1 are taught at least 36 hours of RE a year; children in KS2 are taught at least 45 hours of RE a year. The aims of the Cornwall Agreed Syllabus are taught as units of work, half termly. Teachers create lessons using high quality resources such as the Cornwall Agreed Syllabus units of study, supplemented and enriched by the use of plans developed by 'REtoday' and 'Understanding Christianity'. The teaching and learning approach to R.E. at Chacewater has three core elements, as set out in the Cornwall Agreed Syllabus: **Making Sense of Beliefs, Making Connections** and **Understanding the Impact.** Where suitable, opportunities will be taken to make links across

	whole school learning and events such as whole school and class assemblies, the local community, news around the world and the exploration and understanding of British Values. The Curriculum Kernewek syllabus supports the children's understanding of RE and faith in their local Community.
Impact	Chacewater School's religious education curriculum significantly contributes to all children's Spiritual, Moral and Cultural development during their time at primary school. Children will express their understanding of the core concepts of world religions and the rich diversity of beliefs in the United Kingdom. Children will gain knowledge and understanding of religion in the local community and places linked to religion, such as the local church and different faith communities. Children's understanding will be recorded in their Curriculum books and whole class Floor-books.

Assessment in RE at Chacewater

Pre-assessment (before the teaching of a unit)

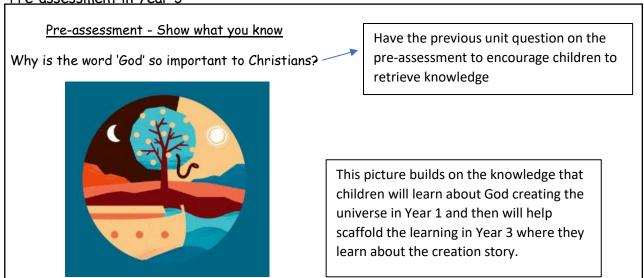

A carefully selected picture is used to represent a unit of work in a religion. This picture is used throughout the school when building on similar units. This picture will be addressed and discussed throughout the unit to help children build/link their knowledge.

Example of assessment in Year 3

Previous learning - Year 1: God/Creation Why is the word 'God' so important to Christians?

Current learning - Year 3: What do Christians learn from the creation story?

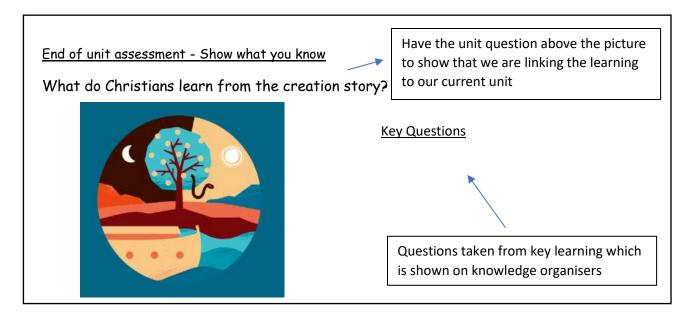

Children will use the picture to retrieve their knowledge learnt from previous units. This can be shown in pictures/singular words (lower years, SEN) and/or sentences sharing what the picture may tell us (KS2).

End of unit assessment (after the teaching of a unit)

Children will finish the unit with the same picture but with key questions. The key questions asked will be taken from the key learning points that will be shown on the knowledge organisers. This will help teachers assess whether they have learning the units.

Example of end of unit assessment in Year 3

Knowledge organiser example: Christianity Year 3

Examples of key questions taken from knowledge organiser

How many days did God create the world in? What did he create on each day?

What are the Ten commandments used for? How is the linked to the Creation Story?

What does the story of Adam and Eve tell us about God?

Chacewater School – LEAP into Learning – Young Oaks Religious Education: Christianity

Our Learning:

<u>Autumn 1:</u> What do Christians learn from the creation story? <u>Learning before year 3</u> - Reception: Why is the word 'God' so important to Christians?

- Christians believe that God created the world in b days –Genesis 1
- God the Creator cares for the creation, including human beings.
- Christians believe God made our wonderful world and so we should look after it
- The Ten Commandments gives Christians guidelines on good ways to live Christians use pray as a way of communicating to God and asking for forgiveness
- The Bible story of Adam and Eve shows us that Eve disrespected God and fell from temptation

Key Vocabulary: God, Christians, Creator, Bible, creation, forgiveness, sins

LEAP' Into Religious Education at Chacewater

<u>L</u> ocal	At Chacewater, we celebrate and share a strong connection with our local church and use this throughout the year to support both learning and teaching in our RE curriculum. Throughout the academic year, children have the opportunity to visit our local church to share harvest celebrations and Christmas carol concerts with each other, friends and families. We regularly draw links to our value of kindness and how this link to religions i.e. donating at harvest to the Foodbank. In upper KS2, we also incorporate visiting the Cathedral in Truro as part of our learning, allowing the children to develop their knowledge further.
E ngaging	Every half term, Religious Education is taught in each year group, allowing children to develop and expand their learning. This enables us to introduce and engage in religions around the world and learn how their beliefs and cultures are celebrated and shared in different places. We aim to celebrate the similarities and differences in each religion, whilst developing an understanding and sharing opinions on the beliefs of each religion. In order to achieve this, Children engage in whole school assemblies where we welcome visitors to discuss religious celebrations such as Holy Week and Christmas, as well as sharing other biblical stories. Children share their knowledge of the importance of Christmas to pupils, staff and families by performing and learning the story of the Nativity. We also develop our understanding of other religions celebrations during whole school assemblies such as the Hindu festival of Diwali. Through our bespoke sequencing, we ensure that children are taught about and exposed to different religions in depth, with a careful choice of high quality learning activities, which are adapted to ensure learners are engaged and co-operating.

A spiring & Ambitious	We explore a diverse range of faiths in our curriculum and celebrate the diversity that exists across each religion taught. We give Children the opportunity to explore four different religions, as well as exploring humanitist's beliefs during their time at Chacewater. They are given the chance to challenge, discuss and answer different enquiry questions, whilst exploring the significance and the impact they had on our lives today.
Powerful & purposeful	Our RE curriculum has been sequenced in a way that allows children to build on their prior knowledge of each religion taught at Chacewater. This is also shown through our assessment strategies where we start a unit with 'show what you know' which allows children to retrieve their knowledge taught in previous units. We also use dual-coding to represent each religion throughout the school. This allows us to have a consistent retrieval of the religions we teach and learn at Chacewater.
	Throughout the year, children are given the chance to take part in celebrating different cultures and religions by visiting the local church, having visitors in our whole school assemblies and having Key Stage assemblies to highlight religious festivals.

The religions covered at Chacewater School are Hinduism, Christianity, Judaism and Islam. We explore each religion by using three main skills. These are, making sense of the texts used, understanding the impact of these biblical texts and the effects they have, and making links between the biblical texts and the way we live today.
